CREATIVE MONTESSORI ACADEMY FOSTERS A LOVE OF

learning & exploration

CENTERED IN PEACE.

Creative Montessori Academy is the largest tuition-free Montessori school serving preschool through eighth-grade in the Downriver area. Each student has an individualized work plan that fosters independent learning. Their peace education, which nurtures conflict resolution and a peaceful environment, is embedded in the curriculum. They have a strong, constantly evolving, mutually supportive partnerships with parents, families, the community and the teachers as facilitators for the purposes of maximizing every child's academic and personal growth.

THIS IS WHAT **CMA** LOOKS LIKE...

WE LET CHILDREN EXPLORE THE WORLD AND BUILD PROBLEM-SOLVING SKILLS.

The Montessori curriculum encourages students to be independent thinkers and problem solvers while understanding that they are an important part of the whole community.

WE FOSTER A SENSE OF COMMUNITY THROUGH SERVICE-LEARNING, ATHLETICS AND EXTRA-CURRICULAR OPPORTUNITIES.

Students help conduct fundraisers for organizations and charities and as students mature and rise in grade level, they have the opportunity to mentor and tutor younger students. Students in grades four through eight can also be members of clubs that have an emphasis on service learning.

Middle school athletics are provided as an opportunity for students to build skills, learn who they are, and get valuable experience of being on a team. Many students choose to be on different teams throughout the year.

There are vibrant arts opportunities like choir, band, dancing and performance that are offered throughout the academic year.

WE ARE PREPARING STUDENTS FOR HIGH SCHOOL AND COLLEGE.

CMA prepares students for high school and college by teaching them to be independent learners, responsible for their own schedules and assignments. Students are taught as early as first grade to manage time using planners and personal time management skills.

QUOTE FROM OUR SCHOOL LEADER:

"My own children attend Creative Montessori Academy. I know the preparation in academics, character and peace education that they receive from this school. I get to be a part of their education and the education of 800+ other children. **CMA offers an environment where students are challenged to grow and develop into responsible citizens, capable of working to achieve their dreams.** I am one small component of their life journey. CMA allows me to be a positive component and I am grateful to serve this school community."

Alan Carter, Headmaster
