There is pride
SURROUNDING
our students
AS THEY ENTER
into Bradford!

When you enter the doors of Bradford Academy, you will notice an academy that takes learning seriously, but properly balances their rigorous curriculum and high expectations with a family-like environment. Students and staff work together to ensure educational, characteristic and academic growth.

Students from the northwest region of Wayne County and the southwest region of Oakland County attend Bradford Academy's tuition-free, prekindergarten through 12th-grade school. Serving more than 1,400 students, totaling over 900 families; they can be confident that their children are learning in a safe environment with teachers who truly care about children's success.

The top priority has always remained the same – the students. Building a sense of “family” is crucial because a family leans on each other and helps each other up. They trust and find ways to build relationships with everyone who steps through their doors. Bradford is a collaborative and supportive Academy that values relationships among staff, students, parents, and the community. Bradford Academy also provides students with technology integration learning, a well-rounded education, a safe learning environment and multiple athletics programs.

#BRADFORDSTRONG

SAFETY IN COMMUNITY

A sense of community is bursting at the seams. In order to ensure safety in the community, communication is key. Through open and honest conversations, Bradford Academy staff are able to connect and meet the needs of students and parents. These high expectations are shared and understood by all, leading to increased accountability for the academy.

ACADEMIC RIGOROUS / COLLEGE PREPAREDNESS

Bradford's PreK-12 grade curriculum is built around a strong emphasis on math, language arts, science and social studies – the foundations for college or career readiness. Lessons are tailored to meet the needs of each student, as each child learns differently.

Bradford Academy High School values educational opportunities for students outside of their high school career. To help students prepare, Bradford Academy is able to offer advanced placement (AP) courses, honors classes and dual enrollment. All academics are foundationally based on Bradford's rigorous core classes, with a new curriculum in English Language Arts and Mathematics.

Bradford Academy's mission statement states, "Bradford Academy strives to instill the qualities of character, excellence, creativity, and service into our students as they become prepared, global leaders." Bradford does a phenomenal job of preparing students for college by living up to their mission statement.

THRIVING EXTRACURRICULAR OPPORTUNITIES

Teachers and staff truly care about their students at Bradford and provide unique and engaging opportunities for success both during and after school. Students develop work habits and study skills necessary to be successful in school and life.

Teachers also assist with extracurricular opportunities such as robotics, academic games and athletics. Students can participate in highly competitive athletic programs in middle school and high school.

The Bradford Bulldogs are thriving on and off the field. Bradford offers eight varsity athletic programs. However, athletics doesn't just start in high school. A variety of other offerings of sports and activities are offered in middle and high school.

QUOTES FROM OUR LEADERS

"We have dedicated staff who go above and beyond each and every day. We lead with love here at Bradford and it shows."

- **WIDAD LUQMAN**, K-8 ASSISTANT PRINCIPAL

"We work together as a family and are committed to achieving academic success."

- **MONTRELLE BALDWIN**, K-8 DEAN OF STUDENTS
